Period-wise teaching plan

Period	Focus	Teacher activity	Student activity
1	Warm-up + Let's begin	Show the Everest picture; ask: What do you see? Which is the highest peak in the world? Where is it? Locate Nepal–China on the map. Pre-teach 'feat' and the title's feat/feet wordplay.	Answer the Let's begin questions; share what they know about mountains and climbers.
2	Reading 1: the expedition	Read the opening: 1953 British expedition, Colonel John Hunt, eleven climbers, two summit teams; first team (Bourdillon & Evans) 26 May — 300 feet short, bad weather. Teach: expedition, summit, encountered.	Silent reading; oral answers to Activity 3 (a–d); begin writing them in copies.
3	Reading 2: summit day	Read 29 May hour by hour: frozen boots (2 hours defrosting), 6:30 a.m. start, Hillary's Step, 11:30 a.m. summit, handshake vs hug, 15 minutes (low oxygen), photos, Norgay's offering, descent. Teach: defrosting, hug.	Activity 1 (timeline of 4 a.m. / 6:30 / 11:30 / 11:45) on the board, then in copies; act out the handshake-and-hug moment.

Period	Focus	Teacher activity	Student activity
4	Map work + records	Enlarge the route map: trace the green 1953 route; name the three glaciers; arrange them north → south. Read the records box: Anna Czerwinska (2000, age 50), Arjun Vajpai (2011, 16 yrs 11 months).	Activities 2(a), 2(b) and 4 in groups; Activity 8 — five sentences describing the route map.
5	Grammar + wrap-up	Teach nouns (naming words) from lesson words; proper vs common nouns with the capital-letter rule; gender pairs from the garden passage (king–queen, peacock–peahen, gander–goose, drone–bee). Recite the Everest poem; set the adventure-chart group work.	Activities 5, 6, 7(a), 7(b); Let's talk (directions to your house); attempt the StudyMatic 10-question quiz.
